

Isaiah Swinton

Gameplay Engineer

Portfolio: i-swinton.github.io | linkedin.com/in/isaiah-swinton/

Skills

Programming: Game AI, Gameplay, Tools, Rapid Prototyping, Multithreading, Data Structures, Debugging
Language: C#, C++, Java, Lua | **Design:** Encounter Design, UI, UX | **Management:** Agile, Waterfall, Sprint
Tools: Unity, Unreal Engine, Godot, Git Version Control

Projects Experience

Gameplay Programmer • *Frogged By Fire*

November 2024 – Present

- Implemented custom tools to facilitate in creating robust enemy and ally behaviors for the design team to modify and adjust.
- Worked closely with designers to create robust movement and camera systems in Godot to fit their specifications.
- Prototyped core mechanics to test and demonstrate the team's ideas for early project planning.
- Planned and implemented a complex cooperative AI to create a collaborative experience with AI teammates.

Gameplay & Tools Programmer • *One In A Krillion*

August 2023 – April 2024

- Built a behavior tree and editor in Unity for controlling enemy behaviors for gameplay and cinematics.
- Developed an enemy targeting system to manage the engagement of an encounter in real-time.
- Prototyped and implemented certain abilities to facilitate designers in evaluating clarity of mechanics.
- Managed team progress and goals to accomplish the project within eight months

Tools and Engine Programmer • *Cooper's Cleanup*

August 2021 - April 2022

- Implemented editor system in a custom engine for designers to quickly add and iterate on level design.
- Implemented deserialization system to allow for quick reading and writing of files using RapidJSON.
- Built a messaging system using queues within a custom engine to decouple gameplay code and to incorporate into the scripting system.
- Utilized Lua to script gameplay events and systems within the project to allow for designers to implement scripting events in game

Education

Bachelor of Science in Computer Science and Game Design

2020 - 2024

DigiPen Institute of Technology

Redmond, Washington
